

Device	Basic spec	Treatments areas	Fields of application	Link	Picture	Sample price	Small batches price	Big batches price
Empower	<p>HIFEM (High Intensity Focused Electromagnetic Field) technology 4 treatment modes for beginners and advanced users which allows to reach different application types: HIT, Performance, Phase mode for strength or muscle definition and Cycles Mode for muscular strength or build muscle 4 practical and ergonomic body applicators, 2 flat and 2 anatomical, which allow perfect coupling in different body regions Two options (sizes S and L) of resistant and comfortable elastic bands Support for the applicators on both equipment sides for easy access Suspension support for applicators cables Ergonomic handles for moving the equipment front and back Pro-Performance System Master control key Comes with a very useful carrying case Equipment enabled with the HTM Match mobile App features New and exclusive HTM Track georeferencing system 18 months warranty Language selection: Portuguese, English and Spanish Voltage: 220V~ 10.4" capacitive touch screen INFO and QR Code menu with access to the complete usage tutorial Emergency button Accompanies Marketing Kit (1 Take One Kit, 1 Banner, 1 Towel and 1 Personalized Robe) 01 Fuse Kit (replacement items).</p>	Body	Aesthetic; Physiotherapy; Rehabilitation; Sports.	Do not have yet. Will introduce to the market next Oct 4th and when we include in our website I can send you..		\$ 175,000	\$ 119,307	\$ 98,253
Ácrus	<p>Epilation laser with Triple Wave applicator (Alexandrite: 755nm, Diode: 808nm and ND-Yag: 1064nm) 12mm² spot with actual delivery of selected energy Smart Spot Cooling - Cryocooling MAXX technology (-10 °C) Flexible treatment mode: Scan, Sequential and Spot Suggestion of treatment areas with application demarcation template Pedal and / or Applicator Shooting Pre programmed protocols 10.4" Touch Screen Display with Higher Touch Accuracy and High Durability QR Code with access to usage tutorial Language selection (Portuguese, English and Spanish) 220V Security switch "Master Control" Exclusive i-Check Equipment Integrity System Equipment enabled with all the functionality of the exclusive HTM Match App 18-month warranty including optical assembly with unlimited shots*. *As long as the instructions described in the instruction manual are followed in relation to application technique, use, maintenance and cleaning.01 Triple Wave applicator, 01 applicator holder, 01 power cable, 02 master control Keys, 01 pedal, 01 funnel kit, 01 neutral gel, 01 patient protection glasses, 01 white demarcation pen, 01 operator protection glasses, 01 roll of PVC film, 05 demarcation guides (25, 75, 150, 300 and 300 cm² longitudinal), 01case. Accompanying Kit Marketing (1 take one kit, 1 banner, 1 towel).</p>	Face, Neck, Body	Aesthetic	https://htmeletronica.com.br/en/products/acrus-3/		\$ 108,504	\$ 92,229	\$ 75,954

Vibria MAXX	<p>High Power Ultrasound Platform for simultaneous therapies and low frequency cavitation High Power Ultrasound (63W) with an ERA of 21cm² and frequencies of 1 and 3MHz, Low frequency ultrasound (30W) with an ERA of 10cm² and frequency of 40kHz, facial ultrasound (9W) with and ERA of 3cm² and frequency of 5MHz and electrical currents Individual therapies: 3D US (1 and 3 MHz)/ low frequency US (40kHz)/ facial US (5MHz)/ Two-phase currents (8 channels): HighForce (1000Hz)/ Russian (2500Hz)/ MediumForce (4000Hz)/ SoftForce (8000Hz)/ eletronic drainage (fast, medium and slow speed) Transcutaneous and percutaneous lipolysis/Polarized currents (4 channels): lonthoporation/MENS Combined therapies: Body or facial ultrasound + two phase current/Body or facial ultrasound + polarized current Simultaneous therapies (Mode DUO): Two-phase current (8 channels) + Polarized current (4 channels)/Two-phase current (3 channels) + Two-phase (5 channels)/ Polarized current (1 channel) + Polarized current (3 channels)/Body or facial ultrasound + currents (8 channels of two-phase current or 4 channels of polarized current)/ Combined therapy (Body or facial ultrasound + two-phase) + current (5 channels of two-phase current or 4 channels of polarized current)/ Combined therapy (Body or facial ultrasound + polarized) + current (8 channels of two-phase current or 2 channels of polarized current) US FloatingHead Applicator (1 and 3 MHz) US Facial 5 MHz applicator US Low Frequency Applicator Automatic configuration of ultrasonic parameters according to the adipose layer smart application time calculation programming More than 100 pre-programmed protocols Exclusive HTM Smart ID System 8" Touch Screen Display INFO Menu Complete accessories range Full Range </p>	Face, Neck, Body	Aesthetic; Physiotherapy; Rehabilitation; Sports.	https://htmeletronica.com.br/en/productos/vibria-2/		\$ 12,759	\$ 10,845	\$ 8,931
Hibridi with body and facial applicator	<p>High Power Ultrasound Platform for simultaneous therapies and low frequency cavitation High Power Ultrasound (63W) with an ERA of 21cm² and frequencies of 1 and 3MHz, Low frequency ultrasound (30W) with an ERA of 10cm² and frequency of 40kHz, facial ultrasound (9W) with and ERA of 3cm² and frequency of 5MHz and electrical currents Individual therapies: 3D US (1 and 3 MHz)/ low frequency US (40kHz)/ facial US (5MHz)/ Two-phase currents (8 channels): HighForce (1000Hz)/ Russian (2500Hz)/ MediumForce (4000Hz)/ SoftForce (8000Hz)/ eletronic drainage (fast, medium and slow speed) Transcutaneous and percutaneous lipolysis/Polarized currents (4 channels): lonthoporation/MENS Combined therapies: Body or facial ultrasound + two phase current/Body or facial ultrasound + polarized current Simultaneous therapies (Mode DUO): Two-phase current (8 channels) + Polarized current (4 channels)/Two-phase current (3 channels) + Two-phase (5 channels)/ Polarized current (1 channel) + Polarized current (3 channels)/Body or facial ultrasound + currents (8 channels of two-phase current or 4 channels of polarized current)/ Combined therapy (Body or facial ultrasound + two-phase) + current (5 channels of two-phase current or 4 channels of polarized current)/ Combined therapy (Body or facial ultrasound + polarized) + current (8 channels of two-phase current or 2 channels of polarized current) US FloatingHead Applicator (1 and 3 MHz) US Facial 5 MHz applicator US Low Frequency Applicator Automatic configuration of ultrasonic parameters according to the adipose layer smart application time calculation programming More than 100 pre-programmed protocols Exclusive HTM Smart ID System 8" Touch Screen Display INFO Menu Complete accessories range Full Range </p>	Face, Neck, Body	Aesthetic; Physiotherapy; Rehabilitation; Sports.	https://htmeletronica.com.br/en/productos/hibridi-combined-therapy-device/		\$ 6,888	\$ 5,853	\$ 4,821

Ultrafocus	<p>Platform for Face Lifting and Body Lipomodeling Body focused ultrasound, body piezoelectric shock waves, stationary and dynamic facial microfocused ultrasound New model of body applicator with 4 tips options: 10mm, 15mm, 20 mm and 30 mm New model of facial applicator with 3 tips options: 1.5 mm, 3.0 mm and 4.5 mm Skin applicator decoupling sensor with audible alert Exclusive cavitation test area to verify transducer functionality Stationary and dynamic application technique for microfocused facial ultrasound Body piezoelectric shock waves with automatic parameter adjustment based on the definition of the treatment areas Drive mode: pedal, applicator or display Body and facial demarcation guides New plug for easy-to-fit and highly durable applicators INFO menu and QR Code with access to usage tutorial 8" Touch Screen Display Emergency button on display Full range Accompanying Kit Marketing (1 Take One Kit, 1 Banner, 1 Towel).</p>	Face, Neck, Body	Aesthetic	https://htmeletronica.com.br/en/product/os/ultrafocus-2/		\$ 7,014	\$ 5,964	\$ 4,911
Sonic Compact MAXXwith body and facial applicator	<p>Smart system Innovative for Combination Therapy Ultrasound and Currents: facial and body Brazil's first 5MHz facial applicator (optional) Exclusive HTM Smart ID System 1 and 3 MHz Applicator - 24W included TENS, FES, HighForce, Russian, MediumForce, SoftForce, Lipolysis, Interferential 2k and 4k, Iontoporation, Micro galvanic and MENS 2 channels Possibility to perform combined therapy and individual therapies smart application time calculation programming (3MHz) Automatic setting of ultrasonic intensity as a function of adipose layer (3MHz) 150 preprogrammed protocols and new recorder on device and applicator possibility Full range</p>	Face, Neck, Body	Aesthetic; Physiotherapy; Rehabilitation; Sports.	https://htmeletronica.com.br/en/product/os/sonic-compact-maxx-3/		\$ 2,541	\$ 2,160	\$ 1,779
Limine	<p>Excellence and high performance in Radiofrequency Multifrequency: 2.4 MHz, 1.2 MHz and 0.6 MHz 100W real power Monopolar, bipolar and multipolar application Exclusive body, facial and intimate applicators Capacitive and resistive facial and body tips Capacitive intimate tips "Info" resource Innovative Pro Performance system Multi Layer Treatment: automatic frequency variation Touch Screen 8" with smart programming Imposing cabinet with casters Accompanies with infrared thermometer Accompanies Marketing Kit (1 Take One Kit, 1 Banner, 1 Towel)</p>	Face, Neck, Body and intimate areas	Aesthetic	https://htmeletronica.com.br/en/product/os/limine-radiofrequency-device/		\$ 10,845	\$ 9,237	\$ 7,590

Tecare	New Tecartherapy and Radiofrequency system Multifrequency: 2.4 MHz, 1.2 MHz and 0.6 MHz Monopolar, bipolar and multipolar application 100W real power ACCOMPANY: Exclusive Tecar Therapy applicators Intimate applicator with remote activation Unique body and facial radiofrequency applicator Capacitive and resistive tips for radio frequency Capacitive and resistive tips for 30, 50 and 70 mm tecar therapy Capacitive inner tips Bracelets for "hands free" technique "Info" resource Innovative Pro Performance system Multi Layer Treatment: automatic frequency variation Touch screen display with intelligent programming Comes with infrared thermometer Accompanies Marketing Kit (1 Take One Kit, 1 Banner, 1 Towel)	Face, Neck, Body and intimate areas	Aesthetic; Rehabilitation; Sports.	https://htmeletronica.com.br/en/product/os/tecare-2/		\$ 5,739	\$ 4,878	\$ 4,017
Effect	High performance compact radio frequency Multifrequency: 2.4 MHz, 1.2 MHz and 0.6 MHz 100W real power Monopolar, bipolar and multipolar application Capacitive and resistive facial and body tips Capacitive intimate tips "Info" resource Innovative Pro Performance system Touch Screen display with intelligent programming Comes with infrared thermometer Accompanies Marketing Kit (1 Take One Kit, 1 Banner, 1 Towel)	Face, Neck, Body and intimate areas	Aesthetic	https://htmeletronica.com.br/en/productos/effect-radiofrequency-device/		\$ 4,782	\$ 4,065	\$ 3,348
Beauty Dermo MAXX	Multifunctional platform for vacuum therapy, suction therapy, pressure therapy and phototherapy Allows to choose between treatments: Vacuum + LED (green, red and infrared), Vacuum therapy, Phototherapy, Pressotherapy, Cupping therapy, Diamond peeling (microdermabrasion) and Glute pump New button for Cupping therapy New pressure digital sensor (-1.5kPa to -80kPa) Vacuum operating mode: continuous and pulsed mode Pressotherapy with 2 output channels Digital control through microcontroller Locking and Unlocking System More than 90 pre-programmed protocols QR Code with access to usage tutorial Language selection (portuguese, english and spanish) Soft touch embossed button and graphic display Full range Power cord Connection hose Variety of optional accessories Marketing Kit.	Face, Body	Aesthetic; Rehabilitation; Sports.	https://htmeletronica.com.br/en/productos/beauty-dermo-maxx-3/		\$ 5,739	\$ 4,878	\$ 4,017

Stimulus-R	Electro-stimulation complete platform TENS, FES, HighForce, Russian, MediumForce, Galvanic, Micro galvanic, MENS, Electrolipolysis, Electronic Drainage 10 channels (two-phases) and 02 channels (polarized) standard medical plug of high durability preprogrammed protocols and possibility to save individual protocols Protocols for electro acupuncture.	Face (not the focus of the equipment), Body	Aesthetic; Physiotherapy; Rehabilitation; Sports.	https://htmeletronica.com.br/en/produto/stimulus-r-multicurrent-device/		\$ 2,802	\$ 2,382	\$ 1,962
Stimulus Physio MAXX	Complete generator of excitomotor currents TENS, FES, HighForce, Russian, MediumForce, SoftForce, Interferential 2000Hz and 4000Hz, Galvanic, Micro galvanic, MENS 04 channels Easy access front outputs High durability medical standard plug preprogrammed protocols Possibility to save individual protocols Protocols for electroacupuncture.	Face (not the focus of the equipment), Body	Physiotherapy; Rehabilitation; Sports.	https://htmeletronica.com.br/en/produto/stimulus-physio-maxx-excitomotor-current-device/		\$ 1,716	\$ 1,458	\$ 1,203
Fluence MAXX (with mask, 1 laser probe, 1 cluster maxx (laser + LED)	Innovative LED and Laser technology Option to include Laser Pen, LED Cluster (circular and linear) and LED Cluster + Laser, MAXX Exclusive Cluster, Face + Neck Phototherapy Mask, Welder Facial Phototherapy Mask Specific treatment protocols for each applicator Accompanying 01 operator safety glasses, 01 patient safety glasses.	Face, Neck, Body	Aesthetic; Trichology (hair); Podiatry; Pre and post micropigmentation / ablative laser / mechanical peels; Physiotherapy; Rehabilitation; Sports.	https://htmeletronica.com.br/en/produto/fluence-maxx-3/		\$ 5,508	\$ 4,683	\$ 3,855
Stimulus Face MAXX with all accessories + 2 Led cluster (red and blue)	Facial multi platform complete Currents (HighForce, Russian, Galvanic, Micro galvanic and MENS), Vacuum Therapy, Ultrasonic Peeling, High Frequency and Phototherapy 04 channels (two-phase) and 02 channels (polarized) Frontal outputs of easy access High durability medical standard plug Automatic recognition of the applicators preprogrammed protocols and possibility to save individual protocols Increased number of applicator options for phototherapy Accompanying 01 red Cluster LED - 660nm (3000mW) and 01 blue Cluster LED - 470nm (3000mW).	Face, Neck, Hair, Body (some specific regions).	Aesthetic; Trichology (hair); Podiatry; Pre and post micropigmentation / ablative laser / mechanical peels.	https://htmeletronica.com.br/en/produto/stimulus-face-maxx-facial-multi-therapies-device/		\$ 4,782	\$ 4,065	\$ 3,348
Stim Hair	Hair Care Platform Phototherapy, Vacuum Therapy and High Frequency Cluster with exclusive linear disposal Unique Trichology Suction Cups for Hair and Eyebrow Applications High Durability Medical Standard Plug Recognition of Applicators Connection Preprogrammed protocols and the ability to save individual protocols Accompanying Cluster 01 linear red LED 660nm + 850nm IR (3000mW).	Face, Neck, Hair.	Trichology (hair).	https://htmeletronica.com.br/en/produto/stim-hair-trichology-device/		\$ 2,547	\$ 2,166	\$ 1,782

Beauty Steam MAXX	<p>High technology, practicality and safety skin hygiene, aromatherapy and light therapy Water Steam Ozone steam* Aromatherapy Phototherapy Chromotherapy Stem with 360° rotating emitter tip and silicone grip region Absorption sponges for emitting tip Compartment for flavor insertion Smart heating system that monitors the temperature Digital water level sensor Microcontrolled with digital parameter controls Power Cable Bivolt Soft Touch keys Graphic display Revolutionary design High Digital Technology More than 50 pre-programmed protocols Possibility to record a new customized protocol Photobiomodulation and Chromotherapy LED's Cluster (blue, green, red, violet, yellow and amber) Medical standard plug of high durability for Photobiomodulation and Chromotherapy applicator.</p>	Face, Neck, Hair.	Aesthetic; Chromotherapy Trichology (hair).	https://htmeletronica.com.br/en/produtos/beauty-steam-maxx-3/		\$ 1,590	\$ 1,350	\$ 1,113
