

LIONHEARTHEALTH

The Future of Wellness and Longevity

LionHeart Health is devoted to developing bioelectric and biologic wellness innovations to help people lead longer, healthier lives. Since 1982, Leonhardt Ventures, the parent company, has created 35+ innovations that employ the company's patented bioelectric protein expressions to treat the causes, rather than the symptoms of health conditions. Lionheart Health is preparing to launch four products in Q1, 2023:

- **BodStim™** for exercise enhancement and longevity
- **SkinStim™** for skin rejuvenation
- **HairCellStim™** for hair regeneration and restoration
- **ErectiStim™** for erectile enhancement and sexual wellness.

BodStim to augment exercise and longevity, with signals for deep muscle contractions and muscle building and anti-aging protein expressions for Klotho and Follistatin. www.bodstim.com

SkinStim for skin rejuvenation - muscle, collagen, tone, and texture improvement. www.skin-stim.com

HairCellStim for hair restoration and regeneration of receding hairlines and thinning hair. haircellstim.com

ErectiStim for erectile enhancement and men's sexual wellness erectistim.com

BODSTIM

Bioelectric Bodysuit

With bioelectric signals for increasing circulating Klotho, a powerful muscle regeneration and anti-aging protein.

BodStim and BodStim Pro

Wellness Accelerated

A 40-minute workout in a BodStim suit is equivalent to 2-3 hours of regular exercise

BodStim rapidly contracts deep muscles and delivers bioelectric pulses to tissues to stimulate patented protein signals for Follistatin and Klotho - two powerful muscle building proteins, two powerful muscle building proteins.

More than 3,000 published studies document that Klotho may be the most powerful anti-aging protein discovered to date, and is a vital to longevity and wellness.

BodStim is available in three configurations, BodStim for personal use, and BodStim Pro for use by multiple clients in training environments and BodStim Fit for use in MedSpas and by individuals for muscle toning and weight loss.

BodStim will be available for shipment in Q1 2023. Preorders are being take on the bodstim.com website. The first 100 people who sign up to participate in a Klotho levels study, exercising twice in a BodStim suit for 40 minutes will receive a substantial discount off the BodStim suit and free Klotho lab tests.
